Workshops at PACS!

Art In Motion is a series of three community studio sessions. The first two are facilitated workshops and one must register to attend. The third is a drop-in during the Fernwood Art Stroll and everyone will have the opportunity to make ornaments and assemble a community mobile to include in our group show of the same title (Art In Motion). Phone 250-920-7227 to register. Space is limited, and our regular studio will be closed during the workshop hours.

On Tuesday May 17, Stephanie Taggart will lead us in a design technique (using acrylics) that simplifies the creation of a vivid, colourful representational image.

May 24, Jennie Whitman leads us in the design process and craft of lino printing. Make your own card, and contribute your lines to a collaborative lino tile.

Drop in to the studio during the Fernwood Art Stroll, and delve into the array of materials or bring your own knick-knacks or natural objects to create dangling treasures for our Community Mobile ~ a testament to Art In Motion.

All events are free, and donations are welcome too! Sponsored in part by the Capital Regional District and the Fernwood Community Association.

Wish List for the Mobile

Glue sticks • coloured foil • tissue paper • brayers
 White Glue • acrylic paint • tempera paint • wire
 Glitter Glue • Paper egg cartons • beads • dowels
