Welcome To the Pandora Art
Collective Society Jane!

Just recently I had the opportunity to sit down and talk with Jane, who is new to the PACS community as one of our newly appointed art facilitator's, in order, to share with you all a little bit about her and what brought her to PACS.

This is what I learned from the conversation I had with Jane. She told

me she had made a pact with herself to live the life of her dreams and not her fears by leaving the public school system as a elementary school teacher, with an elective degree in art, to join our PACS collective and the "arts REACH Victoria" program, (which ensures that all children have the opportunity to develop life skills by exploring their potential through art experiences).

I find Jane to be a warm, open, fun, spontaneous person, who describes her work as an artist to be eclectic and experimental. She loves the quote by Picasso "Every child is an artist. The problem is how to remain an artist once he grows up." The artists that influence her are the many fairytale folkloric fantasy characters of classic children's illustrators the likes of Aubrey Beardsley, Kay Neilson, John Bauer and Gustav Klimt. Her favorite colours are purple and green together.

Last but not least, a few of us had the pleasure of viewing her beautiful mosaic memorial table cloth she made with all her family and friends. It clearly came

from the deepest caring of Jane's late husband. It contains the very expressive, very different human marks that we all make on this world and will be a part of his "Celebration of Life" when everyone will sit down together for a meal and celebrate his passing, as he had wanted.

Jane it was clearly a pleasure interviewing you and getting to know you better... to end I would like to leave you with a quote I think you will enjoy "Once in awhile right in the middle of ordinary life love gives us a Fairy Tale"

Thanks for joining us Jane, we are lucky to have you!

We ♥ Volunteers

Hello to all of our PACS supporters, members and participants!

Please consider volunteering with PACS at The 2017 Moss Street Paint In on Saturday July 15, 11am - 4pm.

You are most welcome to join us during any of these sessions!

Volunteer Opportunities: Saturday July 15

We need 4-6 volunteers who can be available to transport materials to our site in the morning of July 15th and then again to pack up and return materials to PACS studio office space at the end of the day at 4PM

There will be three stations set up at our site and we will need volunteers at all of these stations!

We recommend that you come and spend only an hour or two with us so that you can enjoy all the wonderful artist displays that will be at this year's Moss Street Paint In.

1) PACS Information Table

2) Our "Glowing Hearts" Station: Invitation to assist people

in sharing heart felt thoughts and drawings on prepared heart cut outs to add to our sculptural wish tree!

3) Big Heart Station: Invitation to paint large collective hearts using tempera paints.

Volunteers are also welcome to a clean up party on Sunday July 16th at 11- 2PM at PACS in Fernwood!

Please contact Geri at nolanhilfiker2@gmail.com to sign up! Indicate when and where you would like to help!

As always, we appreciate our PACS family and the support you can give!
